**ALL wiring, service included, must be COPPER. NO aluminum allowed.**

**Means shall be provided to disconnect all conductors from the service-entrance conductors. NEC 230.70**

**APPLICATION FOR TEMPORARY SERVICE REQUEST**

In requesting temporary electrical service, the undersigned understands and agrees:

1. Connection of temporary electrical service does not remove the requirement to comply with all State of Georgia minimum construction codes.
2. Temporary electrical power is intended for completion of the construction process and testing equipment installed within the structure.
3. **Issuing approval for temporary power connection does not constitute approval to occupy the structure. A Certificate of Occupancy must be issued by the City of Tybee Island prior to any occupancy.**
4. The owner and contractor are hereby held responsible for any violations of this policy. A violation of this policy may result in disconnection of the electrical service until all violations and deficiencies are corrected.
