DEVOTION

Hello again!

As you are aware, the movie *Devotion* is returning to Tybee for one day of filming. We will be on the beach at 3rd St. Wednesday, April 7th, 2021

Based on the book "Devotion" by Adam Makos, the film tells the inspirational true story of naval fighter pilots in the Korean War. Set in 1950, it features the American war heroes, Ensign Jesse Brown and Lieutenant Tom Hudner.

We will arrive on Wednesday, April 7th very early in the morning. Production will be utilizing the YMCA and the Cafeteria for our hair, makeup and wardrobe. We will also use the screened in pavilion for catering. Our catering trucks will move into Memorial Park around 3am and our crew will start arriving around 5am. Our extras will be parking in the public parking lot at 14th St. The trucks that need to be close to set for filming will be on 3rd St and Butler St. near 3rd. Our other production trucks will be on private property near 15th St. We will not block any driveways or private entrances on 3rd St.

We will once again be filming on the beach. We have built a set near 3rd St. and will be filming from approximately 7am to about 3pm. Because we are in Cannes, France in 1949 for this scene, we are not able to have people on the beach in modern clothes and using modern umbrellas and chairs. We are filming in front of the set but the camera will be looking both north and south during filming. We will have about 100 extras dressed in period appropriate attire. **The beach therefore will be closed from 2nd to 6th for this approximate time period on April 7th.**

Again, we are working closely with the City of Tybee (912-786-4573) and the Savannah Regional Film Office (912-447-4159) and we truly appreciate the opportunity to film at Tybee Island. We are aware that we are guests and will keep our noise level and footprint as minimal as possible. If you have any questions or concerns, please feel free to reach out to us.

Sincerely,

Laura Bryant, Location Manager
