

Traffic Controls in Effect for April 17, 2021

Due to unusually heavy springtime traffic on Tybee Island, the City will implement traffic controls on Saturday, April 17. These controls will prevent gridlock and ensure emergency vehicle access to the south end. ****Please note that traffic controls are subject to change without notice to respond to real time traffic conditions.***

BUTLER AVENUE

- Butler Avenue southbound will taper down to one lane at 15th Street, with only the outside right lane open to regular vehicle traffic.
- The inside southbound lane reserved for emergency vehicles only.
- All northbound lanes of Butler Avenue open from Tybrisa Avenue to 1st Street/US 80.
- Butler Avenue open to northbound traffic only between 17th Street and Tybrisa

TYBRISA STREET

- Tybrisa eastbound will remain open at Butler Avenue unless traffic backs up

INLET AVENUE AND 17th STREET

- 17th Street between Inlet Avenue and Butler Avenue one way, flowing eastbound only therefore, only a left turn on to 17th Street allowed from Inlet Avenue.
- 17th Street closed west of Inlet Avenue.
- Inlet Avenue closed south of 17th Street
