

STVR PROCESS CALENDAR

September–November 2021

Background

In order to study the current situation with short term vacation rentals (STVRs) on Tybee Island, the city council has passed a resolution placing a 90-day moratorium on the issuance of permits for new STVR properties (some exclusions apply).

During this time, the city will gather information on issues, concerns and potential next steps with public input.

The resolution is available at www.CityofTybee.org or can be emailed to you by request

For More Information:
Michelle.Owens@cityoftybee.org
